MEMORANDUM FOR: ASSISTANT TO THE DEPUTY FOR ADMINISTRATION
ASSISTANT TO THE DEPUTY FOR INSPECTION AND SECURITY

SUBJECT: NSC 29

25X1A9a

discuss the allocation of responsibility within the Agency on NSC 29 under the general assignment made by the D/DCI and the DD/A. The discussion turned principally about requests for field investigations of plants and the preparation of recommendations. The following allocation of responsibilities was agreed upon:

a. All requests and commitments of CIA facilities in this matter will be made through the DCI.

b. O/IC is the focal point for interagency contact on NSC 29 matters:

(1) All correspondence on the subject will move through O/IC. O/IC will normally discuss with the State Department in advance any requests which are to be laid upon CIA;

(2) O/IC will call upon IS for technical advice in any stage in the coordination procedure;

(3) [redacted] requests are properly made so that IS, without further preliminary work on its part, can select and dispatch the investigation teams called for;

(4) Requests for any additional information needed for the teams will be submitted in writing to O/IC which will procure it from appropriate sources.

c. IS will have the major technical responsibility:

(1) IS will have the responsibility for selecting the personnel of survey teams and for making all other arrangements incident to the surveys;
